

FOREST FIRES AND DAMAGES

State Forester Makes Report On Conditions
In Northern Portion Of The State.

WILL ASK FOR SPECIAL STATE LAWS

Means To Protect The Forests And To Fight The Fires
Properly Will Be Discussed By The Coming
Legislature At Its Session.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Nov. 24.—The safeguarding of the forest reserves of the state against fires caused by carelessness of settlers, hunters and tourists, is one of the most important subjects to which the governor will direct the attention of the next Wisconsin legislature. This is indicated by the annual report submitted to Governor Davidson by E. M. Griffiths, state forester, which report was filed in the office of the executive today.

The state forester calls attention to the great loss sustained by the state and by private parties and corporations through forest fires. "Reports made to this office by the fire wardens of the state show that 1,299,432 acres were burned over by the 1,135 individual fires, which came in the attention of the warden." Says the report, "So small percentage of this acreage was young growth pine, hemlock, spruce and hardwood, some of it bearing merchantable size, while the percentage of mature timber burned was also large. It is estimated that 499,495, 791 feet of merchantable timber was burned, and, placing a low stumpage value on that timber, it was worth \$2,866,975. Estimating that 50 per cent of the timber will be saved, the loss will be \$1,433,488. In addition, farm houses, barns, livestock, school houses, bridges and other private and public improvements to the value of \$149,164 were destroyed.

"Of this large number of fires fully 60 per cent were started by farmers burning brush or clearing pasture lands or by settlers clearing their holdings of logs and stumps. About 15 per cent were due to sparks from locomotives. The remaining 25 per cent is attributed to various causes such as carelessness of hunters and campers, logging crews, trespassers, berry pickers, Indians, traveling along the public highway and lighting."

Mr. Griffiths declared that logging concerns in northern Wisconsin expended time and money in extinguishing the conflagration. One company spent \$10,000 in fighting the fire and other concerns expended from \$200 to \$3,000 each. He declared that more than 11,000 men were engaged in the protective work during the season of the fires; that the townships spent \$13,850 in hiring firewardens and

gangs, hundreds volunteered their services free and an additional \$56,820 was spent by the lumber companies. "The largest losses incurred by timber owners were in Chippewa, Douglas, Florence, Iron Range, Lincoln, Marathon, Marinette, Oconto, Oneida, Price, Rusk, Sawyer and Vilas counties," added Mr. Griffiths. "Practically 97 per cent of the damage to commercial timber was done by the fires in those fourteen counties. Altogether the area burned over in the counties named was 995,971 acres, on which 470,187,000 feet of timber, with a stumpage value of \$2,822,922, was damaged. In Oconto county one concern alone suffered damage to 50,000, two out of white pine timber it was holding. The Indians on the Red River Indian reservation in the northern part of Ashland county, as wards of the federal government, also lost heavily by fires, the amount burned being estimated at over 150,000,000 feet. The state is now having its lands which contain heavy timber crisscrossed and expects to lose 50 per cent of its former value. Approximately 20,000 acres of state forested lands containing young timber were burned over, and, as the young growth was unusually good in some sections, the loss amounts to at least \$150,000."

Mr. Griffiths contends that the present law for finding persons for setting fires should be amended and a minimum fine of \$20 be imposed. The present law also opens the way for the bringing of a civil action for the collection of double the amount of damage suffered and it is in this connection that the state forester suggested that suits would be brought this winter. He adds that a law should be passed forbidding the starting of a fire, except in winter, unless the permission of the local fire warden be obtained in advance.

"Before another season shall be at hand it is expected that an efficient fire patrol, patterned along the lines of the association in the state of Washington, will have been organized and by a system of guards will locate and extinguish fires in their incipient stage," he said in conclusion. "If this be done the fire hazard in Wisconsin will be minimized, and the budget state will be enabled to replenish its forests for all time to come."

FAIR BOOSTERS HELD MEETING LAST NIGHT

Plans for Selling the Required Amount
of Stock Were Discussed
—Prospects Good.

Last evening about forty-five local men who are interested in the proposed county fair association met at the Myers hotel to discuss means for selling the required amount of stock necessary to form the association. C. S. Putnam was chosen chairman of the meeting and F. P. Starr, secretary.

Mr. Van Pool, who has been canvassing the city for some time for stock subscriptions, reported that he had so far obtained 75 names, for his list, of men who had agreed to take a share at \$50.

On motion the chairman was instructed to appoint a committee of ten men with himself as chairman and F. S. Sheldon as treasurer to solicit stock subscriptions in the city. When a good sized list has been obtained, he will be solicited through the county outside of the city. In order to defray current expenses incident to the making of this canvass it was voted that every person who had agreed to take a share of stock should pay at the present time \$2, which should be deducted from the price they would later have to pay for the stock.

The present plan is to sell \$15,000 worth of stock. This amount is deemed sufficient to put the association upon a firm basis.

The committee of ten as appointed by Chairman C. S. Putnam is as follows: T. B. Nolan, P. J. Monat, F. P. Starr, J. B. Humphrey, F. S. Sheldon, Geo. D. Simpson, C. W. Kemmerer, Ed. Schmiedel, James Lamb and John J. Fisher.

CROSS COUNTRY RUN OF Y. M. C. A. THURSDAY

About Twenty-five Expect to Make
the Trip, Running Four Miles in
All-Will Hold Pentathlon Contest
in Gymnasium

Thursday morning at prompt nine o'clock, the annual cross-country run of the Y. M. C. A. will be given. About twenty-five of the members of the association, it is expected, will make the run. The run will be four miles in length, starting from the association and running to a station two miles away and registering and then returning to the building. The runners will not start out together as was done last year, but will follow one another, the second man leaving a minute behind the first runner. A turkey will be given to the one making the run in the shortest time.

Pentathlon Contest
Tonight in the gymnasium the first indoor meet of the season will be held, which will be open to the public. No admission will be charged. The events are: pull-up, hopper and jump, running high jump and an exercise on the parallel bars. The winner of the most points will be given a beautiful gold medal which has been donated by O. H. Pyper, and which the one having the most points will hold for a month. The Pentathlon contests for this medal will be held every month.

Basketball Games
The Hoolligans and the Yankigans, two of the Senior basketball teams, are still tied for first place in the series of games which they are playing. The Yankigans defeated the Hoolligans last evening by a score of seven to two and the Hoolligans downed the Hoolligans by twenty to nothing.

PORTUGUESE HEIR TO VISIT EDWARD

Duke of Oporto, Heir Apparent to
Throne, Leaves Lisbon for
England.

[SPECIAL TO THE GAZETTE.]
Lisbon, Nov. 21.—The Duke of Oporto, the heir apparent to the crown of Portugal, left Lisbon for England this afternoon. The purpose of his mission is to formally notify King Edward of King Manuel's ascent to the Portuguese throne. This is in conformity of the special wish of the young king that the British government should be the first formally notified of his accession, on account of the friendly relations between Great Britain and Portugal.

The royal family, members of the cabinet, and many other notable persons bade the Duke farewell at the railroad station, where enthusiastic crowds also gathered. The Duke is accompanied by a numerous suite. He expects to remain about a week in London.

Forests, homes, business houses and churches, everything, has been demolished alike in many communities.

PAY LESS TRIBUTE THAN HERETOFORE

Traction Lines Operating in Janesville
Are the Gainers by the New
System of Taxation.

Under Chapter 493 of the laws of 1906, which becomes operative this year, the traction and power companies, instead of paying a license fee of 2 1/2 per cent on their gross receipts, are required to turn over to the state a certain tax on the physical valuation of their property and the state returns the larger portion of the receipts to the cities and towns in which the concerns are located. As a result of the new arrangement, Janesville and the towns of Rock county, judging by last year's figures, will pocket a loss. City Treasurer James Patters has received notification from State Treasurer A. H. Dahl that Janesville's share in the 1908 tax of the Rockford & Interurban Co. will be \$151.51. In 1907 the city received \$13,532 from the same source and had to turn over 12 per cent (\$16,62) to the county and state, leaving a balance of \$451.90. But the receipts of this traction company and in consequence the license fee have been steadily increasing year by year, so that it is only fair to presume that the city's revenue from this service, under the old plan, would have shown an increase of from \$50 to \$100. In the case of the Janesville Street Railway Co. there is a distinct falling off in the revenue. Last year the city's receipts amounted to \$428.75 and less the 12 per cent—\$51.45. Under the state tax commission's apportionment this year Janesville gets \$362.05, which, after all, is not so bad as might be expected when the fact that the plant is assessed now on its physical valuation is taken into consideration. The Janesville Electric Co. property apparently does not come under this new law, though the provisions would seem to cover it. As in the past, it is listed in the city's tax roll.

LONG USEFUL LIFE IS ENDED BY DEATH

Allen Francis Phillips Passed Away Late Yesterday Afternoon at His Home on South Main Street.

With the death of Allen Francis Phillips late yesterday afternoon Janesville loses another old and respected citizen, his family a kind and loving husband and father and his many friends a true counsellor.

Mr. Phillips was born at Woodstock, Conn., on August 18, 1835. On his mother's side he is a direct descendant of General Israel Putnam of revolutionary and early colonial days. At the outbreak of the civil war Mr. Phillips enlisted with the First Connecticut Cavalry, Company A, as a private and came out of the service in 1864 as a brevet captain.

The year after the Chicago fire he came west and lived in Rockford where he engaged in buying horses for the New York Market. He had large sales stables on 24th street in New York City, which he moved to Janesville and has since made his home in this city.

Mr. Phillips retired from active business some five years ago after many years of active participation. He has long resided on South Main street and his presence will be missed by his many friends throughout the city.

He leaves to mourn his loss, a widow, a son, Herbert A. Phillips of Chicago, connected with the National Packing Co. and a daughter, Mrs. John Southern. The remains will be taken to Oak Hill cemetery and will remain in the vault there until some later date when they will be taken to his old home in Woodstock, Conn., for interment.

The funeral will be held from the house at two o'clock tomorrow afternoon. The Rev. J. H. Laughlin will officiate. The pallbearers will be members of the William H. Sargent Post of the G. A. R., of which he was a member. There will also be a short service at the chapel at the cemetery.

George E. Lovejoy.

George E. Lovejoy died last evening at eight o'clock at the home of his mother, Mrs. Emma P. Lovejoy, at 319 South Academy street. Tubercular trouble was the cause of his death. Mr. Lovejoy was born in State Center, Ia., and was twenty-eight years old.

Besides his mother he is survived by a brother, Harry, and two sisters, Mrs. Anna Rehberg and Miss Marie Lovejoy, of this city.

The funeral services will be held on Wednesday at one o'clock in the afternoon from the house and at 1:30 from

the chapel. The Rev. J. C. Hazen will officiate. The interment will be in the Oak Hill cemetery.

Louis A. Hommens.

The funeral services for Louis A. Hommens will be held Wednesday morning at St. Patrick's church at 9 o'clock. The interment will be in Mt. Olivet.

Miss Belle Allen.

The funeral services of Miss Belle Allen were held this morning at 10:30 from the house on High street. The bearers were Edward Allen of West Virginia, H. B. Allen of Richmond Center, R. H. Owen of Chicago and Charles Deborard of Chicago. The interment was in the Oak Hill cemetery.

Mrs. Johanna Stimm.

The funeral of Mrs. Johanna Stimm will be held tomorrow, Wednesday, afternoon at 2:30 from the house at 432 North Franklin street. The Rev. J. H. Tippet will officiate.

Sticky Driving for Autos: As a result of the recent heavy downpour of rain the country roads are in bad shape for auto-driving. An Elkhorn party started from Madison shortly after noon yesterday and arrived here at nine o'clock last night. The members were T. C. Mitchell, William Pratt, C. E. Wales, and Wallace O'Brien. They found the "going" so bad that they gave up all hope of getting any further with the machine and after spending the night at the Hotel Myers had determined to go home by train when Hugh Spindler, who had just returned from a hunting trip in the north woods, put in an

appearance and offered to pilot them over the balance of the journey.

MARRIED THURSDAY BY REV. R. C. DENISON

Leo Brown and Miss Evangeline Johnson of Sparta to Be Wedded Here Thanksgiving Day.

Mr. Leo Brown of Deloit, a son of Alderman Harry Brown of this city, will be united in marriage Thanksgiving day to Miss Evangeline Johnson of Sparta at the Congregational church, Rev. R. C. Denison. The ceremony will be followed by a wedding dinner at the Hotel Myers. Miss Johnson, a sister of the bride, will act as maid of honor and E. W. Brown as best man. The couple will reside in Deloit, where Mr. Brown is resident manager of Brown Bros. store.

Urban-Gerald.

Miss Wallace Urban and Earl Edward Gerald of this city are to be wedded at St. Patrick's church by Rev. Fr. J. J. McGlinchy at seven o'clock tomorrow morning. The prospective bride's former home was in Manitowish.

Fitzpatrick-Smith.

The wedding of Miss Gertrude Fitzpatrick and John Smith was solemnized at St. Mary's church at eight o'clock this morning. Rev. Fr. W. A. Goshol officiating.

Owing to the illness of Mrs. Carle Jacobson, her physician has ordered that all concerts booked for her

during the months of November and December be cancelled. Mrs. Bond is at present at the Chicago hospital, convalescing from a serious illness.

Landlords Not Responsible: Occupants of buildings in the business district and not landlords are to be held responsible for failure to comply with the ordinance requiring all such places to be numbered. The wording of Chief Appleby's warning notice was such as to give quite a different impression and some misunderstanding has been caused thereby.

Uncle Allen.

"Spreading of the price of success," mused Uncle Allen Sparks, "I've noticed that 'getting ahead' means, as a general thing, getting a bald head."

Showers tonight and possibly Wednesday, cooler.

NEXT THE TARIFF

The republican party is thoroughly committed to tariff revision, and while the short session of congress is not expected to accomplish much in this direction, an extra session will doubtless be called soon after the 4th of March next to deal with the question. Special interests are already numerously represented before the commission, some clamoring for reduction and others for maintenance of present rates or an increase.

The rapid strides made during the past ten years in the field of invention and discovery, has placed many industries on their feet and made them strong and vigorous. This is especially true of American steel, and this fact is brought out very forcibly by Andrew Carnegie in an article contributed to the current Century magazine.

Mr. Carnegie made a good deal of money on steel, but the bulk of his great fortune came from the sale of his business at a fancy price. He is now a free trader, so far as this commodity is concerned, and puts up a strong argument in favor of removing all duties from this class of goods. He says in part:

"Not a ton of steel is produced in the world at a smaller outlay for labor as in our own country. Our coke, coal and iron ore are much cheaper, because more easily obtained and transported, and our output per man is so much greater, owing chiefly to the advantage of standardized orders obtainable only upon our continent; the specialized rolling mills; machinery kept weeks upon uniform shapes without change of rolls, and other advantages.

"I am assured by one who has recently examined the matter, that he found even in Germany today that the cost per ton for labor was greater than with us, unusually high as our wages are at present.

"Were there free trade in iron and steel between America and Europe, a few orders might go abroad at a time when American mills were fully occupied and high prices prevail, and this would be advantageous to our country, but if these shipments amounted to much, prices would rise in Europe, and prevent further exports from our market.

"The United States made last year more steel (over 23,000,000 tons) than Germany, Britain, France and Belgium combined. New steel works are under construction which will produce enough to enable our country to make more than the whole world besides. This she will do within five years, probably within three.

"The day is past when any foreign country can seriously affect our steel manufactures, tariff or no tariff. The republic has become the home of steel and this is the age of steel."

Mr. Carnegie states that the amount of revenue from our imports in 1906 was \$192,000,000. The last fiscal year, 1907, it increased 14 per cent to \$219,000,000, exactly one-half of the total national revenue, \$438,000,000.

He points out that \$219,000,000 or the total of \$438,000,000 was collected upon luxuries of the rich, who alone use foreign articles to any extent.

In ending his Century article, Mr. Carnegie says: "The infant we have nursed approaches the day when he should be weaned from tariff milk and fed upon the stronger food of free competition. It needs little, if any, more nursing, but the change should not be made abruptly.

"Just as the republic has won supremacy in steel, and can today, even during this temporary worldwide depression, send it profitably to every free market in the world in successful competition with all other manufacturers, so is she to win this proud position in one field of industry after another, her enormous standardized home market being one of the chief elements of her acquiring power. Many foreign luxuries will still be imported, but these should yield rich revenue paid by the rich consumer."

"The men who are actively engaged today in the manufacture of steel will

doubtless take a different view of the situation, and when it is remembered that this is only one of a thousand articles affected by the tariff, the delicate work of revision will be appreciated.

The reported fight between President-elect Taft and Speaker Cannon is all a myth. "Thee Joe" is not an obstructionist, but a level-headed, conservative statesman. He advocates early tariff revision, so that the question may be settled promptly and with as little disturbance to business as possible.

The council won't be accused of doing anything rash if they accept the court decision in the Appleby case and act accordingly. The force of a double-headed police department is getting a little monotonous, and it is about time to call a halt, pay up back salaries and get down to business.

The experiment of trying to run water uphill was pronounced a failure a long time ago, and the attempt now being made, at various street corners in the third ward, is not a howling success.

When a first class play, like the one presented at the opera-house last night, goes begging, with a leg show picks the house, it's rather a sorry comment on Janesville theatre-goers.

The long fight in Iowa will be settled today by electing Governor Cummins to the senate. This means a colleague for Wisconsin's senior senator.

Mr. Carnegie is a fine specimen of a well protected infant, and his bonded industries will not be affected by free trade.

WHAT IS ALVEOLAR DENTISTRY?

Alveolar dentistry is just a new name for bridge work—simply a new name for an old method.

No Alveolar dentist attempts to put in teeth unless you have a few remaining teeth upon which to build the bridge work.

When you pay more than \$5.00 to have a gold crown put on a tooth, whether it is called an Alveolar crown or by any other name, you pay too much.

I charge \$5.00 for gold crowns, and it is sufficient for any dentist to charge—this means for the best work it is possible to do.

Call any time as you go by, and talk the matter over—you will not be obliged to have the work done.

CLEANERS AND DYERS

We can save you quite a lot of tailor bills if, instead of rushing to get new clothes every time you soil or wrinkle your old ones, you send them to us. We thoroughly clean, press and dye them if necessary, making the suit look like new again, and returning it to you for many months.

MAKE COMPLAINT OF THE SALOON RAFFLE

Communication to the Gazette Asks Pertinent Question Relative to the Law.

Attention of the authorities is respectfully called to the following complaint filed with the Gazette office relative to the raffle for ducks, geese and turkeys being held in the different saloons of the city:

To the Editor: Who has authority to stop the raffle of live birds in the saloons of the city? Does it lie with the Mayor? Is it the Chief of police's duty or is it the district attorney's province?

In Madison the Mayor and Chief of police stopped the raffle; in Milwaukee

the Mayor and Chief. Who has authority here?

It is cruelty to animals to permit a lot of half-drunken men abuse the fowls, using them for footballs or dragging them along the streets, as they did Saturday night. It should be stopped. It is gambling and the state law prohibits gambling and newspapers cannot advertise it under the national postal law.

The humane society might do something, but it should be stopped.

A SIMPLE HUMAN.

Mr. Editor: I crave the privilege of being allowed to remark, through the dear old Gazette, "Thank God! at last someone has spoken, that which republicans can afford to heed—I say republicans, for the great republican party is overwhelmingly in the ascendancy, and will continue indefatigably to administer the affairs of state. The grand old Scotchman has struck a swinging blow on Liberty bell, and in clear mellow tones it will be heard throughout the land. "The great majority of our industries have ceased to be infant industries." (That's all.) J. P. ALBREE.

Partners are beginning to take down their tobacco.

Mr. and Mrs. Shafer of Oxfordville, were guests of Brodhead friends on Monday.

TO HOLD CAMPFIRE ON NIGHT OF DEC. 2

Interesting Program Prepared for
Entertainment by the Milton G.
A. R. Post.

(SPECIAL TO THE GAZETTE.)

Milton, Nov. 23.—(18) None to early for you to make arrangements to attend the G. A. R. campfire at Village hall on Wednesday evening December 2. Supper served by the W. R. G. from 5 to 7 p. m. Evening entertainments are addressed by Department Commander Coe, and Col. Watrous, Colgate male quartet and readings by Ives. You can't afford to miss it. Two "bits" for a gastronomic and intellectual feast is certainly cheap enough. Everybody ought to go.

Mrs. W. A. McElwain who has been a great sufferer for several months from an incurable disease, died Thursday night. She leaves a husband, two sons and a daughter to mourn the loss of an affectionate wife and loving mother. Funeral services were held Sunday afternoon at the M. E. church, of which deceased was a member, and were conducted by her pastor, Rev. A. H. Heston.

Madame, Shattuck of Oconomowoc, and Webster, of Antigo, sisters of the deceased were in attendance at the funeral.

Mrs. Hannah Crum Randolph celebrated her eightieth birthday Thursday. She was the victim of a birthday post card shower and of a very pleasant birthday function at the home of her son, John W. Crum.

The lecture by Prof. Weller of the State University of Iowa, at College chapel Saturday evening was very pleasing and instructive. Prof. A. E. Whitford put on the illustrative slides with his machine.

The College basketball team defeated Albion Academy Thursday evening by a score of 78 to 11.

Gene Spafford of Rockford, Ill., has been visiting schoolmates in the village.

Word has been received from Texas that Messrs. Kellogg Dixon and Reed had arrived there last Monday.

Mrs. N. Swan of Janesville, is the guest of her granddaughter, Mrs. William Atkinson.

Mr. Chamberlain and family from east of Janesville, have moved on to the farm for the coming year.

The new hotel at Janesville has been opened by a firm from Chicago. It is appreciated by the railroad men who work at the round house.

Charles Huddles of Janesville, was out this way picking up tobacco crops the first of the week.

LIMA.
Lima, Nov. 23.—A good rain came on Sunday night and every one was glad to see it.

The east bound train of Sunday evening killed several head of cattle about three miles west of this station.

Mrs. Cowles has gone to Albany to spend the winter with her daughter, Mrs. Charles.

Mrs. George Fuller of Whitewater, spent last Wednesday with her sister Mrs. Holbrook.

Mrs. Alice Harrington is home from a week's visit in Albion.

Fred Woodstock and family spent Sunday with his mother near Janesville.

Madame John and Albert Collins and Mrs. Fred Gould and daughter Ora, drove to Johnston Center last Friday and spent the day with Mrs. Fanny Walker.

J. D. Richmond and wife have moved into Mrs. Cowles house.

Mrs. Chapman enjoyed a visit from her granddaughter, Myrtle Hoos, of Janesville, recently.

Why is it that in a person steals something of value in Lima no attention is paid to it, while in other towns the case is dealt with at once.

Paul Schultz and family are now on Zepet Hardy's farm.

HARMONY TOWN HALL.
Harmony, Nov. 23.—Mr. A. Austin spent two days on business in Chicago last week.

Mr. Therman is having a cement floor laid in his cow barn.

What Do They Cure?
The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Feverfew Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator, and acts especially favorably on a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels, and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, lungs, bronchus, stomach, or bladder, or other mucous organs. Even in the chronic or ulcerative stages of these diseases, it is often successful in effecting a cure.

Origin of Cards.
The origin of cards lies far back in the hidden antiquity of Asia, no record so far having been found to unravel the source. It was from the distant Orient that cards, along with chess, were first introduced into southern Europe, Spain and Italy, especially. The earliest of these cards have been lost, unfortunately, and no record of them preserved.

WERE MARRIED IN CHICAGO THURSDAY

Benjamin Pollock, Formerly of Monroe, and Miss Young of Appleton Married.

(SPECIAL TO THE GAZETTE.)
Monroe, Wis., Nov. 24.—Benjamin E. Pollock, formerly a resident of Monroe, was married to Miss Zella Young of Appleton in Chicago last Thursday. The news of the wedding having been received here last night.

Mr. Pollock is a railway mail clerk running from Chicago to Eau Claire, Wis., on the North-Western through Janesville. The marriage was performed by the Rev. W. Freeman, pastor of the Fourth Presbyterian church of Chicago. The couple will reside at 329 Dearborn street, Chicago.

The Rev. J. H. Palmer, who is a patient at the Good Samaritan hospital, was 70 years old Monday and had numerous callers who came to offer the veteran pastor their congratulations. Many friends of the pastor, who retired after serving in the Universalist church pulpits here for five years, also sent flowers. Mr. and Mrs. Palmer left this morning for Cedar Rapids, Ia., where they will make their home in the future. They lived in Cedar Rapids before coming to Monroe.

C. M. Hickey of Villard, Minn., and formerly of Monroe, has written to the Times favoring the paving of the public square which proposition was turned down by the county board at its session last week. He says that the city should get in line and keep up with other cities of its size by having the hitherto chains removed from the square. He says it should be done for sanitary reasons at least.

The Milwaukeeans left on their return trip in the three cars Sunday morning, being piloted to Broadhead by Mayor W. J. Knight in his truck.

RATIONAL CURE FOR ECZEMA
No More Dosing the Stomach—Cure the Skin Through the Skin.

When you have a scratch on your hand you wash it out and cleanse it and then the skin cures itself. You do not take blood medicine to cure a festering wound.

The best skin specialists today are agreed that the only way to cure the skin is through the skin.

The fact that eczema is a skin disease and not a blood disease is evident from statistics which show that nearly all eczema sufferers are perfectly healthy in all other ways except as to their skin. If the eczema patients were really suffering from an inward malady, the entire body and not only the skin would be diseased.

You can prove immediately the relief of a true skin cure by using oil of wintergreen as compounded in D. D. D. Prescription.

This liquid attacks the disease germs, numbing them while building up the healthy tissue of the skin. We have now perfected this meritorious and thoroughly scientific remedy for so long and have seen its reliable result in many times that we freely express our confidence.

Drive Whiskey from Your Home
You can have your choice; you must either drive liquor from your home, or it will either drive you out.

Plain talk, but it's true; alcohol in any form is a poison. It destroys a man's will-power, at the same time ruins his nerves and stomach. Unfortunately he invariably is of the belief that it does not hurt him, as he says he feels better after taking a drink. He honestly thinks it braces him up, but the truth is, it only numbs his mind and weakens the nerve and muscle forces. As soon as the effect of the drink wears off, he feels worse than before. He must have your help at this time. Scolding, pleading or praying will not cure the diseased mind and nerves. WHITE RIBBON REMEDY WILL! It will build him up, make him eat and sleep better, and entirely remove his desire for liquor.

WHITE RIBBON REMEDY is a powder which is absolutely harmless it has neither taste, color or odor, when placed in tea, coffee or food. There is no need to get the drinker's consent to take it, as you can successfully give it to him without his knowledge.

You cannot doubt us, because if you give White Ribbon Remedy either with or without the drinker's knowledge, and it fails to remove the desire for drink in every form, we agree to return your money.

Do not delay. The cost of WHITE RIBBON REMEDY is but \$1.00 per box, so start treatment today and save the drinker and your home.

FREE SAMPLE and book on the drink habit, will be sent you in plain wrapper if you address White Ribbon

AT MEETING LAST EVENING

Tilt With Mayor Over His Failure to Demand Bond of Royal Clothing Co. Was Only Feature of Session.

Alfred Richardson, chairman of the police committee, was absent from the session of the common council last evening and the report of the investigation of Patrolman Mason was not forthcoming. It is understood that such a report had been drawn up but that Ald. Richardson, himself, had not yet signed it. No effort was made to include Chief of Police George Appleby in the salary list, so the question as to whether John Brown is to take an appeal from the circuit court's decision is perhaps undecided. Several aldermen were engaged in a tilt with Mayor Heddles when interrupted by a motion to adjourn. The dissatisfaction arose over his failure to serve notice on the Royal Clothing Co. to furnish a bond with acceptable signers for \$500 as a security of that concern's other remaining here permanently and paying taxes or making the settlement for the \$10 a day transient merchant license for this house. The bond had been advised that the firm had ceased the quarters they had occupied for a long time and that there might be some question as to whether or not it was good policy to interfere. City Attorney Maxfield stated that the proprietors had been advised by some good legal authorities in the city that they could not be required to file a bond. Ald. Buchholz said that he had been approached by parties whom he suspected of representing the firm and asked to use his influence to put a stop to the bond agitation. If they were bona fide, permanent merchants they could not object to this procedure and he thought the other aldermen in the city were entitled to the protection which the ordinance provided to give them. Ald. Brown called on Ald. Carlo for an expression of opinion. The latter impatiently exclaimed: "For nothing to say. If the Mayor contends himself with going out on the street and taking the advice of every Tom, Dick, and Harry, what's the use of talking about it?"

Order Drawn for \$14,000.

The report of the street assessment committee approving and accepting Ryan & Finley's sewer construction work in District 15 was adopted and the clerk was directed to draw on the treasurer in the sum of \$14,000, payable to the contractors from the district fund, the same being the amount due for work in that locality. Similar action was taken with regard to an estimate of the work done by the People's Construction Co. on the main sewer outlet and it was directed that an order for \$11,000 should be drawn in full payment therefor. Provision was also made for the drawing of an order for \$374, payable to Kohler & Cassidy for painting the Monterey bridge; and another for \$374.56, payable to B. P. Crossman in full payment for laying the combination cement curb and gutter in front of the Jefferson school grounds on Wisconsin and East streets. The mayor and treasurer reported that they had sold the St. Lawrence Ave. special street improvement bonds to Mrs. Ann Patterson for \$174.01, the premium paid being \$150. This report was accepted and the clerk was directed to draw on the treasurer in the sum of \$169.51, payable to P. W. Ryan from the special fund in partial satisfaction for the street work in that quarter. The finance committee's report on bills and the salary budget were adopted.

Duty Damage Claim Tabled.

The final report of the street assessment committee assessing the benefits for the proposed Cherry street improvement was submitted and interested property owners were invited to offer any objections that they might entertain. None were presented and a resolution adopting the schedule of the judiciary committee, a communication from B. P. Doty to the effect that a walk which the city had effected in the city had now been completed and against his protest at the corner of East street north and Oakland Ave. had damaged his property to the extent of \$500 and that he would hold the municipality liable, was laid on the table.

Miscellaneous Business.

A report from the street commissioner on new walks constructed was accepted and the clerk was directed to assess the cost against property owners in the tax role. The clerk was directed to notify the publishers of "The Municipality" to remove the city of Janesville from the subscription list.

Attention.

W. H. Sargent Post No. 20, G. A. R. A meeting will be held at Post hall at 7:30 this evening to make arrangements for the funeral of Commander Phillips tomorrow. Labin Fisher, Post Commander.

EVANSVILLE WILL

MEET BELLOIT FIVE

Basketball Team Will Open the Season with Game on December 5th.

(Special to the Gazette.)

Evansville, Nov. 23.—The Evansville Y. M. C. A. basketball team will play their first game of the season in the local gymnasium Dec. 5 with the Beloit Y. M. C. A. on their opponents. The local team will practice four nights a week from now until the close of the basketball season. The coach wants everyone in town who desires to take a little indoor exercise to be in a "gym" suit at 8 o'clock, and from there he will pick the team which will represent the Y. M. C. A. The management has ordered new suits for six players, and has written for games with Janesville Y. M. C. A., Beloit College, Whitewater Normal, Beloit Y. M. C. A., and Green Bay Y. M. C. A. It is expected that a very strong schedule will be fully arranged within the next ten days. The citizens of Evansville are cordially invited to drop in and watch the Y. M. C. A. boys in their practice every evening after supper. At the present writing the most likely candidates for the different positions are Shorger and Winter for center. The guard positions are being warmly contested by Gardener, Gillies, Beckard and Alitz, Siligman, Benson and Turner seem to be the ones to fill the forward position.

A large barn containing five or six hundred dollars' worth of hay on the farm where Wm. Stewart lives, owned by the David Stevens estate, one mile east of town, was totally destroyed by fire Saturday night. The fire occurred about 10 o'clock p. m. and had gained considerable headway when first discovered, as the interior seemed to have been burning some time before the flames were noticeable from the outside. A cattle shed adjoining the building was also burned to the ground. The loss on the building is estimated at about \$1,500. There was a small amount of insurance on the barn and hay. The origin of the fire is a good deal of a mystery, and no satisfactory theory has been advanced to explain it.

Mrs. Wilson Brown was most pleasantly surprised last Friday afternoon when about twenty friends invaded her home on East Main street and announced that they had come to assist her in celebrating her seventy-fourth birthday. The guests were mostly old-time friends and Magnolia neighbors, and the gathering was an especially happy one.

Rev. W. W. North spent Sunday in Lake Mills, where he conducted the services in the St. John's church owing to the illness of their pastor, Rev. Montague. Rev. John Reynolds was here from Janesville and occupied the M. E. pulpit morning and evening.

A strong representation of Evansville people witnessed the football game between the Madison and Chicago universities Saturday. The Baker Mfg. Co. closed their shops to accommodate the employees who wished to attend.

It is with much pleasure and satisfaction that the Evansville friends of Miss Anna Denney, formerly of this place, in "new" Beloit, learn that she has just received the appointment as solo contributor in the choir of Oak Park Presbyterian church at Chicago. It is understood that this is one of the highest salaries given in Chicago and among its members is Gustav Holmquist, the famous bass.

Miss Denney has devoted her life to the study of music and is at present in Chicago taking voice culture of the well-known teacher, Mrs. Stacey Williams.

WET WEATHER GIVES FARMER OPPORTUNITY

To Handle His Tobacco Crop—Many Begin Work—Several Deals Are Reported.

General conditions in the tobacco business are now improving. There is more of a call for samples than there has been in six months prior to the indications point to a good strong market after the first week in January. There are also strong indications that the '08 tobacco will all be up and in good condition. The short grades will make splendid '09 and the medium to long grades will be eagerly sought after at good figures. The farmers should be very careful, and not allow the leaf to become saturated with water and should also be careful in handling and baling the short grades separately.

The warm foggy weather has been doing the tobacco in this case and many of the farmers are taking the tobacco from the poles and stripping will commence at once. Should this warm weather continue it will be necessary to have the tobacco stripped from the stalk. Tobacco in large quantities is liable to heat and will be damaged if allowed to lay too long on the leaf.

These were statements which two of the tobacco dealers in this city gave out concerning business and weather conditions.

L. Carlo reports the purchase in the North of 97 tobacco at 7 1/2 and eight cents.

One dealer said that the only way that they were able to sell the tobacco was in small lots of a few cases. This is the first time anything of the kind has ever been done in the business, but it is seemed to be the only way of selling it.

G. H. Ruhl reports the shipment of two carloads yesterday and today.

WALKER WHITESIDE IN "THE MELTING POT"

Finished Production of Israel Zangwill's Masterpiece at the Myers Theatre Last Night.

America, the crucible of the world! America, the melting pot where Greeks and Turks, English and Irish, French and German, Italians and Spaniards, Armenians and Austrians, Russians and Jews are crucible and become American citizens.

"This was the theme of Israel Zangwill's masterpiece, "The Melting Pot" in which Walker Whiteside appeared at the Myers Theatre last evening.

With a Jew's understanding of the world, Zangwill has created a lesson in patriotism that goes to the heart of the audience; a story that leaves a pleasant impression; a play that will outlive the ordinary, everyday drama; a lesson which the world can profit by.

Walker Whiteside as David Quixano, the young Jewish composer, a refugee from Kishineff, is filled with a spirit of love and respect for the land of his adoption—America. The plot is built around David and the characters of his uncle, Mendel Quixano, the Jew who looks backward; Quincy Davenport, the son of wealth and a renegade American, give him the opportunity in the first two acts for his patriotic sentiments which he expressed in such a telling manner, rebuking his uncle for his uncompromising adherence to the Jew's traditions, and to Davenport for his non-productive and worthless life.

Christal Horne, as Vera Ravendahl, sweetheart of David, daughter of a Russian nobleman, a mother and little sister, Miriam, were crucible and outraged at Kishineff, where her father, renounces country, and falls at David's feet in appeal for his love in the strongest scene of the entire play, the third act.

It is a striking bit of acting, a wonderful rendering of the lines by Whiteside as he describes the awful scenes of Kishineff when confronted by his sweetheart's father, the man whose face he never forgot.

John Hale as Baron Ravendahl did not forget his position as a Russian nobleman, a mother and little sister, Miriam, were crucible and outraged at Kishineff, where her father, renounces country, and falls at David's feet in appeal for his love in the strongest scene of the entire play, the third act.

Harm in Association.

All association must be a compromise, and, what is worse, the very flower and aroma of the flower of each of the beautiful natures disappears as they approach each other.—Emerson.

CURE FOR ECZEMA DISCOVERED

Dr. J. E. Currier Tells How It Can Be Used by the Patients Themselves.

(From Chicago Examiner.)

"Eczema, tetter, ringworm and other skin diseases are spreading," says Dr. J. E. Currier in the Doctor's Guide, writing about a new and wonderful successful cure for skin affections.

"I apply plain pure eltrox, dissolved in hot water, twice a day. You who know how stubborn tetter, ringworm and eczema can be, will be amazed to see how soon this stops the itching, dries up the eruptions and causes a growth of new healthy skin. I now tell my patients to get a package of pure eltrox at the drug store and dissolve a teaspoonful in two tubfuls of hot water, as this solution must be made fresh each time and used warm."

"I am having better success than ever before. A case of tetter on the hand that had run six months, eltrox cured in a week; and a young woman whose back was a mass of pustules was cured in two weeks. I could cite many others. Be careful to get the pure drug put up in small, sealed packages."
